Life-Size Floor Plan Walk-through On-Site

Big Floor Plans offers clear advantages with full-scale floor plans projected on-site, bridging the gap between “what if” and “what is.”

- ✓ **Clear vision** - You can offer your clients a life-size floor plan walkthrough providing a clear vision of the design and improved client buy-in.
- ✓ **Improved relationships** - You'll be able to ensure you and your client are on the same page, resulting in improved customer satisfaction.
- ✓ **Completely customizable** - Customize your client's plan by placing furniture, flooring, landscaping, patios, and more to scale, ensuring proper layout.
- ✓ **Reduced Cost** - Improve efficiency and decrease costly change orders for you and your client by addressing changes prior to construction.
- ✓ **Quick production** and convenient shipping to anywhere in the county.
- ✓ **Easy installation** - Can be installed on-site in 20 minutes from start to finish, and only requires 2 people to install.
- ✓ **Durable material** - Our mesh option allows for water drainage.
